Reissue Applications

1. The finality of the rejection of the last Office action Paper #14 is withdrawn because the Office action did not address the requirements of the supplemental oath/declaration and the original patent .

2. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-4,6-8 and 15-20 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR

1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

3. The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178. Even if the original patent was filed in parent application 08/895,597, a statement as to inaccessibility of the original patent because it was filed in the parent application 08/895,597 required for this application .

4. The amendment to the specification filed June 18, 2002 is improper because the amendment does not provide underlining to the new addition and brackets to the deletion from the previous amendments .
